Progress with Safety

1868

FOUNDED on April 3, 1868 by a group of the city's prominent citizens, under the leadership of Ezra Cornell, founder of Cornell University — it was originally housed in the wooden structure pictured above. After outgrowing the facilities of three locations — this institution in 1924 constructed the now familiar, five-story, fireproof Ithaca Savings Bank Building. Its progress from 1868 to the present has been exemplified by sound management and careful stewardship of the funds of depositors. The Ithaca Savings Bank has grown up with Ithaca — and has been a vital factor in the city's growth.

"CONSISTENCY"

Is the Measure of a Leader

IN every field of endeavor, one leader stands out from the rest.

DAY in and day out, it is the champion who finishes first. Consistency is the chief characteristic of the leader.

IN every city of America there is one store whose name is almost synonymous with the city it serves. In Ithaca, that store is Rothschild's.

ROTHSCHILD'S is justly proud of its leadership . . . not boastingly proud, but deeply conscious of the faith and trust which you our customers, have placed in us. It is this which has assured our leadership. Honor, integrity, and fair dealing — the same basic principles which our founders established in 1882, are still the principles which guide Rothschild's today!

ITHACA

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Ithaca as limited space permits. The local resident, the visitor, and the distant reader about Ithaca wish to gain an impression of Ithaca as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Ithaca's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Ithaca City Directory disseminates this information far and wide where this Directory represents Ithaca in the Free Directory Library Exchange System of North America. The Ithaca City Directory, with over 450 closely printed pages, is the City of Ithaca in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Ithaca and all interested.

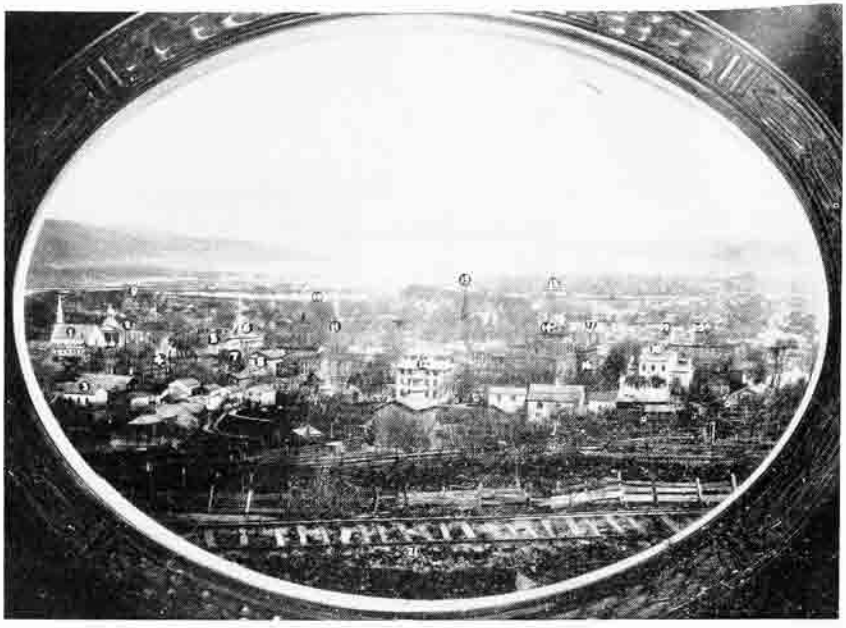

LOCATION—Ithaca, sometimes called in this section "Crown of Cayuga," and known far and wide as the home of Cornell University and Ithaca College, is famous for three things: its wonderful setting at the head of Cayuga Lake in the midst of the Finger Lakes Region, its culture and refined atmosphere in all activities of business and social life; its educational institutions. Located in the heart of western New York State it is 247 miles to New York City, 404 to Boston, 675 to Chicago, 302 to Philadelphia, 37 to Elmira, 40 to Geneva, 20 to Cortland, 57 to Syracuse, 175 to Albany, 170 to Schenectady, 88 to Rochester. Area is 6 square miles.

TOPOGRAPHY — Many pages could be devoted to a description of Ithaca topographically. It is doubtful if any city in America has such a remarkable formation of level land, hills, cliffs, gorges and water falls. All this variety is so blended that it is most inspiring to the visitor to pass from one spectacle to another. The view shown above is Ithaca's water front and lake. For a mile and a half from the shore the land is level and contains the business section of the city, railroad yards, stations, municipal airport, the heights are covered with beautiful homes the extensive campus and buildings of Cornell University, some factories and even railroads which climb out of the city; the highlands of the city are gouged by great gorges beginning at the south with Buttermilk Falls Creek and Gorge 1 mile south; Coy's Glen 3 miles in length; Cascadilla Creek and Gorge, at south end of Cornell University Campus; Fall Creek Gorge, north of Cornell University Campus. (A more complete description of these gorges and water falls, under Parks and Points of Interest—see index) The altitude of the main section of the city is about 400 feet, the highlands 800 feet.

TRIPHAMMER FALLS, CORNELL UNIVERSITY

HISTORICAL—Ithaca was first settled in 1789. This was ten years after the visit of a detachment of 200 men commanded by Colonel Dearborn from the expeditionary force of Gen. Sullivan, on Sept. 23, 1779. These first white settlers founded Ithaca, named by Simeon DeWitt in 1795. The Cayuga Indians, one of the six Nations, preserve the legend of the Great Spirit placing his hand upon the earth to form this region of the Finger Lakes. Organized as a village in 1821. Incorporated as a city in 1888. Ithaca celebrates in 1939 its 150th Anniversary.

View of Ithaca from South Hill about 1870. 1—Immaculate Conception Church; 2—Dutch Reformed Church; 3—Original Meeting House Presbyterian Church; 4—Treman Brothers Foundry; 5—Clinton Hall; 6—Clinton House; 7—Treman King & Co.; 8—Bank of Ithaca (now Atwaters); 9—The Inlet; 10—Flooded Lowlands and Dredged Channel to steamboat wharf; 11—Episcopal Church; 12—Mrs. Jane McGraw Home (present site GLF Building); 13—Presbyterian Church; 14—Court House; 15—Old Fairgrounds; 16—Wilgus Opera House (now Rothschilds); 17—Baptist Church; 18—William Andrus Home; 19—Cornell City Library Association Tower; 20—Village Hall Tower; 21—D.L.&W.R.R.

POPULATION—The population of Ithaca as of July, 1937, City Hall Records was 22,132. In 1925 the state census gave 18,948. In 1920 it was 17,004; 1910, 14,802; 1900, 13,130; 1890, 11,072. There are about 90% native born with native stock predominating, about 5% colored. The student population of Ithaca is about 7,000, making a total population over 28,000. Growth last 10 years has been nearly 20 per cent.

MERCANTILE—Ithaca is a trading center of 60,000 people and has stores that compare favorably with cities much larger. Because of the University population and a community educated to want the best, the retail establishments carry merchandise equalling in variety and quality the stocks of stores in leading eastern cities. Wholesale houses distribute over a large territory. There are about 400 retail establishments, 15 wholesale, and about 200 professional offices. The merchants of Ithaca are noted for their service and courteous treatment which has done much to make Ithaca popular as a trading center for those living outside of the city.

TAUGHANNOCK FALLS

INDUSTRIAL—By the foresight of its public spirited citizens and the city itself many acres or square miles in and around the city comprising parks and playgrounds, scenic gorges and public lands adaptable as well for industrial purposes are available for all future time.

Educational advantage for industrial workers and their families, including a liberal policy provision for vocational education and training in the public schools.

Recreation and amusement of the people provided abundantly with sports and pleasures of every description. Lake and stream, gorges and waterfalls, swimming, boating, fishing, college, school and public sports of every description make a most attractive living environment for people engaged in high class industry. Not a large industrial center, but a very substantial and successful part of our community engaged

in production have an unusual standard of living not possible in the large industrial centers. Therefore in this modern age, Ithaca is one of the most attractive places available for production plants requiring fine rail and water transportation facilities, high class labor, power and living conditions unsurpassed for contentment and happiness. The principal industries manufacture shot guns, power drive chains, mechanical stokers, adding machines, leather hand bags, paper, cardboad boxes, electric meters, salt and cement.

Large corporations more or less national in scope find a good economic condition, much more so than in congested areas for establishment of their central offices, where abundant, intelligent, well educated employees are available for this kind of work. High standard of living at comparative low cost works to the advantage of both employer and employee.

The history of Ithaca for more than 100 years reflects a slow but steady growth, a well balanced attractive American city, where economic and cultural life grow side by side, creating one of the most attractive places in existence to live a full, happy and contented life.

Those engaged in industry and the economic struggle breathe an atmosphere of culture and education that invariably results in the next generation seeking and obtaining both of these desirable things that equip them for a future that advances the whole population along rapid lines of progress. Any business interested in the industrial possibilities of Ithaca is invited to call on the Ithaca Enterprises Inc.

THE LIBRARY TOWER

FINANCIAL—There are 3 financial institutions, with total deposits of $22,687,486, as of Dec. 31, 1937 and one savings and loan association. The savings banks deposits are over $8,000,000. The net assessed valuation of the city is $38,000,000, with an exempt value of $22,000,000. The per capita wealth is high. Total tax rate for 1938 was $27.80 per thousand. The city government has operated within its budget for the past 30 years, has a low bonded indebtedness, and the highest financial rating.

EDUCATIONAL—Ithaca is among the leading educational centers of the state. There are 10 public schools and 1 parochial school. The school enrollment is 4,700 with 180 teachers and administrative staff. Cornell University which is one of the great universities of North America, is located on America's most beautiful campus overlooking the lower parts of the city and Lake Cayuga, and was founded in Ithaca in 1865 by Ezra Cornell. The enrollment is over 6,000 students. The university includes colleges of Art and Science, Medicine, Law, Engineering, Architecture, the State Colleges of Agriculture, Veterinary Medicine, and Home Economics and a Graduate School and a School of Hotel Management. It occupies about 2,400 acres of land and 60 buildings, which with their equipment are valued at about $18,000,000, while endowment adds about $30,000,000 more to the resources of the institutions. There are also located in the city Ithaca College, devoted to music, drama and physical education; The Cornell Tutoring School; The Cascadilla Tutoring School; University Tutoring School; The Practical Business School. There are four libraries as follows: Cornell Library is located in the heart of the business district and gives an extensive service to the public; the Cornell University Library located on the campus has over 812,000 volumes including several special collections having international fame; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Directory Library maintained by the H. A. Manning Co. in the Chamber of Commerce Rooms at 211 E. Seneca Street.

CORNELL UNIVERSITY

TRANSPORTATION—Ithaca is served by the main line of the Lehigh Valley Railroad and also by 2 branch lines; the Ithaca and Owego Branch of the Delaware, Lackawanna and Western Railroad has a terminus here. The Ithaca Railway Inc. with a modern bus service serves completely within the city limits and suburban bus lines operating from a municipal bus terminal on East Green Street connect the city with Elmira, Watkins Glen, Binghamton, Cortland, Syracuse, Auburn, Seneca Falls, etc. Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. It is the nearest New York State port to the anthracite coal fields of Pennsylvania. The Ithaca Municipal Air Port is the second oldest in the state. It has been improved and enlarged, and is now 2,000' x 3,000' in size, with a 2800' paved runaway, and a large modern hangar. It is within the city limits, and is five minutes by car from the business section. Student instruction and passenger flights are available in several planes. C. S. Robinson Aerial Surveys, an aerial mapping and photographic concern, operates five airplanes from Ithaca as a base. This company is equipped for all types of aerial photographic work, and has mapped 40,000 square miles of territory during the past 10 years. Ithaca is the hub of a network of highways such as make New York State famous. These highways carry a very heavy traffic for business and pleasure and especially in tourist season. The attractions of the scenic wonders of this region are drawing more and more tourists each year. The auto truck freight service is growing.

PARKS, PLAYGROUNDS AND POINTS OF INTEREST—The natural topography of the land here makes the city a natural park. There are three public parks within the city, the largest of which is located at the lake end of the city and has recreation and athletic facilities, also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful park-like effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls, State Park, Cascadilla Glen, Cayuga Lake, Coys Glen, Robert H. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park, Watkins Glen State Park.* For details on this subject see page 362.

ITHACA FALLS

MISCELLANEOUS STATISTICS—Ithaca has an aldermanic form of government. There are 60 miles of streets with 30 first class paved. The water works capacity is 350,000,000 gallons with daily pump of 3,000,000 gallons. A modernized city sewage disposal plant constructed in 1939 at a cost of $125,000, will be fully adequate for the next generation. There is a good fire department with the volunteer system, and there are 12 engines and hose and hook and ladder trucks. The police department has 1 station and 30 men on full time only. There are 21 churches, 8 hotel with about 500 rooms. The Chamber of Commerce has surveyed the entire city rooming accommodations for conventions and has available this information for all who require it; the dining service for conventions of any size is adequate. Ithaca is a convention city. There is one public and two private hospitals with a total of 155 beds. Postal receipts for 1939, about $300,000, with over eight million pieces of outgoing mail not counting parcel post.

Publishers' Notice

The following pages are devoted to the detailed information regarding Ithaca's Institutions, Industries, Hotels, Mercantile Establishments, Garages, Churches, Fraternal and Civic Organizations, Public Utilities, Service Organizations, Dining Places, Amusement Places, Etc., the purpose of which is to serve the interests of Ithaca whenever the Directory is consulted.

In selecting information from these pages it must be realized that the announcements are direct from the institutions, themselves, and therefore official. However, the publishers have reserved the right to reject all misleading statements as far as possible with the idea of making this Directory of the utmost service to all users. We sincerely believe that the statements of advertisers herein may be accepted without hesitation as absolutely true. Hence this department must be regarded as the real information bureau of Ithaca.

Give your business to these concerns because they are progressive and believe in making it easy to get their service. When doing so tell them you found the information, and were led to them, through the pages of this Directory. In no other way can you repay the publishers for their efforts to serve you.

The publishers, H. A. Manning Company, have established at the Ithaca Chamber of Commerce, a Library of City Directories covering all this section of the United States, and the residents of and visitors to Ithaca are invited to use them FREE OF CHARGE.

Any errors or inaccuracies found in the following pages please call to the attention of the publishers for correction in succeeding edition.

The Churches

WITH A TOTAL OF TWENTY-ONE, representing all the leading denominations, Ithaca is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm. It is the belief of many Ithacans of vision that this full and adequate supply of churches, is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

Ithaca Lodge No. 666

LOYAL ORDER OF MOOSE

134 West State Street

ITHACA Lodge No. 666, Loyal Order of Moose, offers a service to the men of this community which no man should fail to investigate. The Moose Lodge should be especially attractive to young married men with a family who have an average income. Besides the clean, attractive, well managed social rooms, sports activities, such as baseball, basketball, bowling and card tournaments with other fraternal organizations, the Moose Lodge offers sick and death benefits, and in the event of a member's death, a complete protection for his wife and children at Mooseheart, or through the Extension Fund. Dues are very low, and for the middle aged man there is offered through the Moose Legion an attractive old age independence plan.

NO man, regardless of his present income, can afford not to at least find out the great advantages of being a Moose.

SPACE does not permit listing further details, but a phone call to 2621, or a post card to the Secretary will bring Literature or an appointment with an officer of the Lodge, which incurs no obligation on your part. There will be no bothersome high pressure follow-up.

CORNELL LIBRARY ASSOCIATION

FOUNDED in 1864 by Ezra Cornell, before he started the university named for him, the library was designed for the use of the people of Tompkins County by erecting the present building and installing 3,000 volumes. The building, which is on the corner of North Tioga and East Seneca Streets, was started in 1864 and opened to the public December 20, 1866.

THE Library now has about 45,000 volumes with a yearly circulation of around 95,000.

OFFICERS

Pres., Charles E. Cornell; Treas., Paul Bradford; Sec., Rev. Edward L. Christie; Librarian, Harry G. Stutz; Acting Librarian, Anna Elsbree.

TRUSTEES

E. F. Turner, L. P. Smith, Paul Bradford, Mrs. T. J. Barker, H. G. Stutz, Ithaca, and W. P. Biggs, Trumansburg.

EX-OFFICIO TRUSTEES

Pastors of Churches, Supt. of Schools, Chairman of Board of Supervisors, Mayor of City and Chief Engineer of Fire Dept.

The Library is supported by endowments and public funds. Increased public interests and support will enable this institution to render better service.

Open Daily Except Sundays and Legal Holidays from 9 A. M. to 9 P. M.

The Public is Cordially Invited to Use the Facilities of the Library.

MANUFACTURING

A study of the Chronological Historical Events contained in this Directory will show that Ithaca has had a long history of the initiative to promote industrial enterprises. In the early days of Ithaca, and long before it became an educational center, it contained many men of industrial force.

From the period of the early 1800's until the rise of the Cornell University era of the 1870's the industrial activity of Ithaca equaled any community in New York State west of the Hudson River, with its intensity and its gambling spirit towards new ventures. The records show that around 1820 to 1830 the following products were made here: paper, woolen, cotton, flour, plaster, grist, machines and repairing, tanning of leather and hides, liquor distilling, potash, etc., so that in the "30's" there were nearly 100 industries operating in Ithaca.

In the period from the 1840's to 1870's was a day of great activity in industrial Ithaca that has never been equaled before or since. Some of the products made here at that time were: paper, iron foundry products, agricultural implements, glass, woolens, steamboats, sailboats and rowboats, hosiery, pianos, organs, passenger cars, railroad car repair shops, machine work, horse rakes, wagons, threshing machines, well drills, fruit packing, paints, pottery, rakes, cultivators, lime kilns, etc. The transfer of coal and grain shipments from rail to water transportation at Ithaca formed the basis of much industry; coal transfer from Cayuga and Susquehanna Railroad (now Lackawanna), and then other railroads that now form the Lehigh, made Ithaca an important freight center. There were four grain elevators here.

A MODERN INDUSTRIAL PLANT

After the 1870 period the industrial situation gradually changed with the time but continued active. Some of the products made were: guns, calendar clocks, salt, typewriters, wallpaper, incubators, aircraft, couplings, chains, clutches, electric clocks, adding machines, aerometers, laboratory apparatus, paper, power drive chains, mechanical stokers, leather hand bags, cardboard boxes, cement, etc.

The high class of citizenship in Ithaca makes it desirable for industry and the future holds much in store for this city along development of manufacturing. Water transportation to the Atlantic seaboard is available, also into the Great Lakes. Land with both water and rail facilities is available.

BUY - RENT - SELL

Use

Ithaca Journal Want Ads

●

The quickest and most inexpensive way for Ithaca individuals to buy, rent or sell, is to use Journal Want Ads. The great variety of offers listed every day in the Want Ad Section proves this.

Just think — a "For Rent" ad of fifteen words for one week costs $1.44; — when results are obtained, the rent revenue amounts to hundreds of dollars annually; truly, this is a very small advertising cost.

A "Wanted To Buy" ad saves the advertiser many dollars by bringing his "wants" to the immediate attention of individuals who have just the things he desires.

An "Article For Sale" ad gives a person a chance to sell unwanted household articles, clothing, etc., for extra cash. These are just a few instances where Want Ads can help you. Whenever you have a "Buying, Selling or Renting' problem, be sure to remember the Ithaca Journal.

●

Want Ads Accepted Until 10:30 a.m. For Publication In Same Day's Paper —

PECK'S POLICY

ITHACA *CORTLAND*

IT HAS BEEN THE POLICY OF PECK'S TO OFFER THE HIGHEST QUALITY IN HOME FURNISHINGS AT THE LOWEST PRICES.

FOUNDED in 1888, we have for 52 years been making homes more comfortable.

WITH low prices, an immense stock to choose from, the latest in values and styles, free delivery and an attractive payment policy, we are proud of our position as a leading furniture house of Tompkins and Cortland counties.

TO accommodate our many Ithaca friends we opened in 1936 a store in Ithaca where you may see and select your furniture.

We Will Be Delighted to Serve You At Either Store

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such Information You Most Wish To Have The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

MANNING'S
Ithaca Numerical Street Directory
1940

Copyright 1940, by H. A. Manning Co.

Containing a full list of streets and roads, with dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they come on the street. Figures in parentheses following names, indicate number of room in building.

FINGER LAKES STATE PARKS

The Finger Lakes Region situated in the central part of New York State, combines a variety of scenery of a rich and striking character. Long blue lakes, gorges, rugged rock formation, waterfalls, and an abundant vegetation result in a series of pictures that reward the visitor. Glaciation during past ages helped in the creation of lakes and rounding hillsides and stream flow cut the great gorges with their varied waterfalls.

The state has taken over the more important beauty spots and is developing them into public reservations. The guiding principle has been to preserve the natural wild beauty, due consideration being given to broad scenic values and use by the visiting public. The outstanding characteristic of the Finger Lakes State Parks is the endless variety of waterfalls, ranging from the tumbling brook to the mighty Taughannock, which has a 215 foot straight fall of water and is the highest single falls east of the Rockies.

Scenic drives and trails are being constructed and are so placed that fine views of the glens and surrounding country may be had as one drives or walks through the parks. Many vistas, along the rim trails, have been made at lookout points on the cliff edges, affording views of striking grandeur.

The educational, as well as recreational, advantages are being developed and enjoyed by thousands of motorists daily, and the parks are very popular for picnic and camping parties. Many families hold their reunion picnics at the Finger Lakes Parks, and at the parks which have swimming facilities, bathing is very popular. Camping and picnic supplies can be purchased at the park concessions or nearby stores.

Facilities such as shelter pavilion, containing rest rooms and refreshment counters; bath houses, equipped with shower, dressing rooms, lockers, etc., have been constructed at suitable places. Picnic tables, benches, floors for tents and open fireplaces are conveniently located and parking areas, which will accommodate many cars, have been developed at each park. Firewood is provided and cabins also can be obtained at some of the parks. Athletic fields are being established, and part of the facilities, such as baseball diamonds, tennis courts, bowling greens, etc., have already been installed at some of the parks, as well as playgrounds devices for the amusement of children.

Life guards are in attendance at all of the swimming pools and beaches. Also boating facilities are to be had at the lakeside parks.

During the 1939 season the following service charges will be effective:—Parking of automobiles—25 cents per car in the supervised areas—(free areas are also provided, although not so conveniently located). Parking coupon books honored at all of the Finger Lakes State Parks for the entire season can be purchased from park attendants at $2.50 each.

A camping permit costs 50 cents per night per unit of car or tent or $2.50 per week, and at some of the parks cabins can be rented, $1.50 to $4.00 per night or $7.50 to $20.00 per week. The camping period is for not to exceed two weeks at a time unless special permission is obtained for a longer period.

The parks can all be reached over a fine system of improved highways through a most picturesque lake country and by railroads.

Buttermilk Falls State Park— Two and one half miles south of the city on Highway Route No. 13. There is an entrance at the head via South Aurora street and by a cross-road, or from the entrance proper at the foot, out five mile drive in the valley. Also there is an entrance to the upper area from Route No. 15 about a mile south of Ithaca. This entrance leads to Lake Treman, a beautiful artificial lake, which is about ½ mile long, with an area of about 15 acres. The park contains ten waterfalls and two glens, and in a distance of a mile Buttermilk Creek falls more than 500 feet in a series of rapids, cascades and waterfalls. There is a swimming and wading pool at the main entrance area. This gorge is remarkably picturesque, especially noted being Pinnacle Rock, the Narrow Gorge and the Long Cascade, 199 feet high.

Cascadilla Creek—A gorge at the lower end of Cornell University Campus. Views may be had from the bridges and from Goldwin Smith walk.

Cayuga Lake—Is one of the largest of the Finger Lakes, forty miles long and three miles wide. Has shores of rolling hills and steep cliffs. Fed by cold springs and is over 400 feet deep in many places.

Cornell University — East Hill. Beautifully situated on high ground overlooking the city and Cayuga Lake.

Coy's Glen—Two miles south of the city. Three miles in length. Each turn of the stream opens new vistas of beauty. Falls, cascades, rapids, shallows, odd rock formations, etc.

DeWitt Park—Cayuga, Buffalo. and Court streets.

Robert H Tremans State Park— This park, five miles south of Ithaca adjacent to Highway Route 13, extends three miles into the hillside, is primarily a scenic and educational one, although at its lower entrance there is a fine creek swimming pool of ample dimensions, the water of which is continually changing and in connection with the pool there is a bathhouse, with the usual facilities, located in the woodlands nearby.
